Hi David,

Here is the email that I was referring to in my voicemail. If you would like to chat more just let me know.

Take care
Bill

Subject: FW: UIC Class VI Meeting

Hello Mr. Bates,

My name is Ken Haney. I am the Enhanced Oil Recovery and Carbon Capture and Storage Manager for California Resources Corporation(CRC). I was given your contact information by Justin Ong of ClearPath as recommended by Anita Thompkins at DOE.

CRC is in the process of developing a holistic carbon capture and storage project (CalCapture) at our Elk Hills oil and gas complex in Central California. We are currently 60% complete on our capture plant Front End Engineering Design study, which utilizes DOE funding assistance, and are working on multiple permitting and carbon credit applications. As our project strategy evolves, we are considering options involving both Class II EOR-related storage along with a Class VI sequestration approach. Justin suggested we reach out to you with some questions we have around Class VI permitting.

At your convenience, I would like to set up a meeting for myself and our CRC Permitting and Regulatory Advisor Eric Greenwood to initiate contact. Please let me know if you, or someone on your team, might be available to discuss our project over the next couple of weeks via Zoom or teleconference.

Thanks in advance,

Ken Haney
California Resources Corporation
